

TOP FLITE™

High Performance Detergent Concentrate

Developed as a result of years of research, this detergent will outperform many all-purpose cleaners on the market today. The perfect choice for any cleaning task, this product is nonflammable and noncorrosive. Formulated without butyl or inorganic phosphates, this detergent will not harm surfaces and has little impact on the environment. Clean and deodorize any water washable surface with this advanced formula. It will not streak, film or cause surfaces to dull. Great for mop and bucket, spray or sponge applications. May be used in automatic scrubbers.

USES

- Concrete
- Fabric
- Fiberglas®
- Formica®
- Glass
- Metals
- Painted surfaces
- Plastic
- Plexiglas®
- Sealed wood
- Vinyl

BENEFITS

- Versatile – May be used to clean and deodorize any water washable surface. It reduces the need for several other products. Now all you need is one product to do all the cleaning. Please consult the letter of guaranty or other documentation applicable to use in a Federally Inspected meat or poultry facility. It is so versatile it can be used in the hardest water.
- Economical – Highly concentrated commercial formulation must be diluted before use. It is effective at dilutions as great as one part to 400 parts water. A real money saver!
- * Rinse free – Even in the hardest water, this cleaner will suspend the toughest soils and keep them from redepositing on the surface. *When used in food handling areas, all surfaces must be rinsed with potable water following use.

PROPERTIES

Color	Green
Detergency	Excellent
Emulsification	Excellent
Foaming	Moderate/High
Fragrance	New Green
pH	10.0 - 11.0
Rinsability	Complete
Shelf life	1 year
Solubility in water	Complete
Specific gravity	1.04
Viscosity	50 centipoise
Wetting	Very good
