

URINAL SCREEN

with O₃Z Enzymatic Block

The most effective and best designed urinal screen on the market today. This urinal screen combines the action of enzymes and O₃Z odor counteractant to control odors in the restroom. A specially designed screen defends the drain against debris and reduces splashback. Non-Paradichlorobenzene (Non-Para), wrapped block is safe for the user and the environment. Equipped with built-in hook for sanitary replacement.

USES

For use in all public restrooms

BENEFITS

- Unique screen design reduces splashback and traps debris.
- Prevents expensive drain clogs.
- Enzymes consume odor causing bacteria and keep drain clean and free-flowing.
- O₃Z odor counteractant eliminates malodors for 30 - 45 days (1500 flushes).
- Non-Para, block is safe for the environment.
- Pleasant fragrance.

DIRECTIONS FOR USE

Read the entire label before using this product.

Remove the urinal screen from the box. Place into the urinal. Replace with a new unit when block has dissolved.

NOTE: The blocks in these units are wrapped in a special water-soluble paper that dissolves on contact with water. There is no need to unwrap them.

SAFETY

Keep out of reach of children. For institutional and commercial use.

CAUTION: FIRST AID: In case of contact with skin, wash with soap and water. In case of contact with eyes, flush with large quantities of water. If swallowed, induce vomiting. Call a physician immediately.
